Subject: IRB Application

Dear IRB Board,

Enclosed is an IRB application for an upcoming research initiative.

The studies center around improving how people encounter and revisit data visualizations. For part of the research, we will need to conduct a small usability survey with online participants, to gather their perceptions of and comments about a data visualization history tool.

This is a collaborative study with a colleague at Bucknell University, Prof. Evan Peck. I am including his CITI training certificate in case it is needed.

The studies are low-risk and anonymous, so we are applying for exemption.

Sincerely,

Lane Harrison
