

# Sightline: next steps

Thanks for using Sightline.

We compiled these questions to help us better understand aspects of the growing visualization ecosystem and how people can benefit from tools like Sightline.

The survey is short. However, given you are one of the first users of this new tool, we invite you to tell us what future Sightline features will help you in your work and daily visualization life.

\* Required

## Sightline: So far

Here are a few questions about the general usability and what you think of SightLine

1. In the past month, estimate the number of times you've logged into Sightline to view your personal visualization history \*

The visualizations under "My Visualizations"

2. In the past month, estimate the number of times you've discovered a new visualization using Sightline \*

For example: when viewing trending visualizations collected by all users

3. In the past month, estimate the number of times you've used Sightline's search function to look for visualization \*

For example: searching for 'Election' yields numerous data visualizations about the upcoming presidential elections

4. How useful is passive (automatic) collection of your visualization exploration history to you? \*

Mark only one oval.
